

Team Competition

Overall team champions are determined by a point system which uses the following parameters:

First place in a specific sport and bracket receives 7 points

Second place in a specific sport and bracket receives 5 points

Third place in a specific sport and bracket receives 4 points (if applicable)

**No points are awarded if there is only one team in the competition field*

Individual Competition

Certain sports determine the team champion based on individual results (i.e. Track, Swimming, Tennis, Ping Pong) with the scoring being as follows:

1st place in an event - 7 points

2nd place in an event - 5 points

3rd place in an event - 4 points

4th place in an event - 3 points

5th place in an event - 2 points

6th place in an event - 1 point

**Individuals are awarded points regardless of how many competitors are in the field.*

Once individual scoring for teams has been calculated, it is then determined who receives team points based on the parameters outlined above.

Overall Champion

In order to determine the overall champion of the Navasartian Games, all team points are totaled and the chapter with the most overall points is the champion.
